

TN International

Manufacturer & Supplier - Geotextile Bags, Sheets & Gardening Bags

About Us

TN International is a trusted manufacturer and supplier of high-quality geotextile products designed for strength, durability, and sustainability. We specialize in producing Geotextile Bags, Geotextile Sheets, and Gardening Bags for industrial, agricultural, and environmental applications.

Our Products

Geotextile Bag

High-strength woven or non-woven fabric. Used for riverbank protection, erosion control, and coastal defense. UV-resistant and long-lasting.

Geotextile Sheet

Durable sheets ideal for drainage, filtration, and separation in civil engineering and construction projects. Strong, permeable, and weather-resistant.

Gardening Bag

Eco-friendly and reusable gardening bags perfect for home gardens, nurseries, and rooftop gardening. Lightweight, breathable, and durable.

Industries Served

- Construction & Infrastructure
- River & Coastal Protection
- Agriculture & Landscaping
- Environmental Projects
- Home & Rooftop Gardening

Why Choose TN International

- Premium quality materials
- Advanced manufacturing technology
- Eco-friendly production methods
- Long product life and UV resistance
- Reliable delivery and competitive pricing
- Excellent customer service and technical support

Mission

To deliver sustainable geotextile solutions that support modern infrastructure while protecting the environment.

Vision

To become a global leader in geotextile manufacturing, known for quality, innovation, and environmental responsibility.
